PAVANA V

BCA STUDENT | ASPIRING IT PROFESSIONAL

Bengaluru, Karnataka
+91 7795176614 | pavanav.tech@gmail.com | linkedin.com/in/pavanav

PROFESSIONAL SUMMARY

Final-year BCA student with hands-on experience in software development, AI/ML, data analytics, web technologies, and cloud fundamentals. Currently developing application-focused projects involving structured analysis, testing, evaluation, and iterative improvement. Strong analytical and problem-solving capability with experience in coordination, team communication, planning, and technology-driven learning. Adaptable, detail-oriented, diligent, collaborative, and eager to contribute to technical teams through organized support, documentation, data-driven tasks, and continuous learning.

CORE COMPETENCIES

Documentation & File Management | Report Preparation | Data Analysis | Planning & Organizational Support | Team Communication | Client/Team Coordination | Problem Solving | Analytical Thinking | Attention to Detail | Multitasking | Adaptability | Digital Learning

TECHNICAL SKILLS

Programming Languages: C, C++, Java, Python
Web Technologies: HTML, CSS, JavaScript
Databases: SQL, MySQL, Database Management Systems (DBMS)
AI & Data: Artificial Intelligence, Machine Learning, Natural Language Processing (NLP), Data Analytics, Generative AI
Cloud Technologies: AWS, Microsoft Azure
Networking: CCNA, TCP/IP, Routing
Development Tools: Visual Studio Code, Spyder
AI Development Tools: ChatGPT, Claude, Google AI Studio, Antigravity

PROJECTS

App Autopsy — Application Analysis Platform | In Progress
- Developing a structured application analysis platform that presents application functionality, architecture, operational structure, and key organizational information.
- Designing workflows for organized presentation of application and leadership information, including founders and CEOs.
- Testing and evaluating platform functionality to identify improvement areas and refine usability and accuracy.

ALGOrise — DSA Learning Platform | In Progress
- Developing an interactive learning platform focused on Data Structures and Algorithms (DSA), problem-solving, and programming practice.
- Structuring DSA concepts and problems across multiple programming languages to support progressive, practical learning.
- Testing and refining platform functionality with a focus on usability, accessibility, and learning experience.

EDUCATION

Bachelor of Computer Applications (BCA) — RNS First Grade College, Bengaluru | Expected Graduation: 2027
12th / PUC — Surana Independent PU College, PCMC | 2024
10th / SSLC — Carmel Public School | 2022

CERTIFICATIONS

- IBM SkillsBuild — Data Fundamentals, 2026
- AWS Training & Certification — Introduction to Cloud Computing on AWS, 2025
- CCNA — Netcraftz, Grade A, 2025
- NPTEL — Introduction to Operating Systems, 2024

LEADERSHIP & CAMPUS INVOLVEMENT

ED Cell Coordinator
- Coordinated entrepreneurship-focused college initiatives and supported event planning, scheduling, participant coordination, and execution.
- Collaborated with students and organizing teams to maintain effective communication and complete assigned activities within timelines.
- Supported on-ground coordination and helped ensure smooth execution of event-related responsibilities.

Content Club Volunteer
- Supported content and communication activities for college initiatives through collaborative planning and execution.
- Worked with team members to organize content responsibilities and complete assigned tasks according to event requirements.
- Contributed to clear communication, coordination, and timely delivery of assigned activities.

Campus & Event Activities
- Participated in student-focused college activities requiring teamwork, adaptability, organization, and attention to detail.
- Supported event-related coordination and communication while working collaboratively with peers and organizing teams.
